Test Wallet Download

iOS - https://testflight.apple.com/join/HIQf16lE
Android - https://s3-ap-southeast-1.amazonaws.com/dev-portal-uat-wordpress-staging/2019/05/netspay_uat116.apk

Android NETSPay UAT app can be found at *https://developer.nets.com.sg* as well.

NETSPay Emulated Wallet

Guide
Steps to provision a NETS test card
1. **Register your own mobile number if it is a fresh download for you**
2. **Expect OTP from SMS.**
3. **Select NETS as issuer upon adding a card**
4. **Enter the following information to initiate a card digitization**
   Nationality: Singapore/PR
5. **NRIC: S5762841C**
   (Mandatory to use this ID for testing)
   Any one of these last 4 digits: 9855, 9866, 9877, 9888 or 9899

6. **Bank PIN: 123456 (Suggest to use this testing purpose)**
7. **OTP: 123456 (Suggest to use this testing purpose)**
8. **A NETS card should be now provisioned on your device for you to start testing**

Limitations of emulated wallet:
1. **We do not verify the OTP**
2. **We do not verify bank PIN**
3. **The chip data for the card is for test purpose**
